

# Bad Manners

Hi girl! How are you?  
(chewing gum while talking)

Excuse me. It is very rude to talk and eat at the same time.

What's so bad about that? I do it all the time.

It looks disgusting and it is very bad manners.

(continue chewing with mouth open)

And don't eat with your mouth open! Oh! You're impossible!

Hey! Don't blame me! My parents never told me about this.

It's never too late to learn. No boy will ever like you if you have bad manners.

Well, thanks for the advise.

You're welcome
